An experienced sailor with 30 years & over 60,000 miles; I have a wide variety of skills and have worked on refits (painting, varnishing, polishing, caulking, grinding), and deck projects, as well as looking after the interior and assisted in the galley. With strong organizational skills and an eye for detail. A creative design flare and a passion for photography have also proved valuable (T-Shirt design, Invitations, presentations and interior art). Also 10 yrs experience applying vinyl decals.
